HE MADE IT *SAFE* TO MURDER

(formerly published as *Moman Pruiett: Criminal Lawyer*)

By Howard K. Berry, Sr.
Foreword by Judge Robert Henry

Moman Pruiett defended more murderers in murder cases than any other lawyer since the settlement of the Americas. The record shows that in his first 20 years as a "murder specialist", he defended 343 persons charged with murder, obtaining 303 acquittals in those cases; and, the only client to hear the death sentence pronounced was saved by Presidential clemency. Now, for the first time in 60 years, the unexpurgated, uncensored story of Oklahoma's legendary criminal lawyer has finally been published.

This true, unabridged edition of Pruiett's colorful life story-printed directly from Howard K. Berry's original manuscript-is one of the most extraordinary biographies ever published. It is both fascinating yet appalling in its ghastly indictment of democracy and the jury system, possessing a sort of horrid fascination for those collectors and connoisseurs of down-to-earth Americana. It reads like a modern adventure thriller - more thrilling than any found in fiction - and guaranteed to curl your hair.

Moman Pruiett ca 1919

This hardback book of nearly 700 pages includes an index, source notes, bibliography, and never before seen photographs of Pruiett. This is a story that every student of the frontier, every student of Oklahoma history, and every trial attorney could learn from. It's a priceless contribution to the history of the Southwest, an invaluable source book for students of American folkway, customs, beliefs, superstitions and idioms.
